Only a few people carry **Huron DNA**: Not all indigenous folk lived as savages in the wilderness… nor did all civilized Whites lived in cities, towns, or villages. The "Heart" of our Folk was pushed e'er westward until we—as a peoples—was collectively hanged by a rope around the neck of **Batoché Prophet Saint Louis "David" Riel des Mêtis**, who shew us men how to 'walk like a man' as him ascended the thirteen gallows steps—huh, cousin!

Descendants of The Aryan Tribes of Huronia (DATH)

Our peoples and those mingling **War Bride Bloodlines** of our ***Continental kinfolk*** have been replaced [ ] in due order ***a "green ribbon" mentality*** will replace **Freedom**, **Truth**, and **Justice**.

There is much to do of those good things we can yet do for ourselves, for each other, and for our children's children.

Do not believe that there is "No Hope" and "Nowhere to Run" and "Nowhere to Hide" from the **((Bankers in Davos))**—where **Moloch** is god and **Ashtoreth**, its' ***unholy eight-pointed star***—**Whore of Babylonian Rome** under the **Jesuit Papacy**—devoted to **Templar Bamophet**, its whorey ***broken cross*** **Judas goat, Mendes** of the **God-damned Synagogue of Satan Third Temple of Jerusalem Master-Slave QR Code World gulag prison planet Technocratic End-Times Fourth Reich**.

Clan Lithon: Pipe-Stone and Flint-Stone

Most precious to us *of* the **Fire-Starters Guild** are ***flint*** and ***pipe***—moreover, every man should have a **Flint Knife**, the knowledge how to make **"fire"** using a ***flint stone*** and how to ***knap*** a **flint knife**, and **Pipe-Stone Pipe** and knowledge how to make a pipe so as **"*to communicate with* Tako Wakun"** (***"That Which Is Mysterious"***).

Small farms having ***sensitive animals***, such as dogs, small horses, bovine and swine, lambs, bunnies, rodents… and cats…

> It is wrong to keep an animal for to give you love, when it is the animal that needs your love… and in freely sharing of your own heart… is healing and growth potential—as exists for all to share.

Farm work, such as ***milking our dairy cows***, ***slopping our pigs*** and ***cleaning the stye***, ***combing our horses***, ***feeding animals*** and ***cleaning cages and stalls***, ***collecting eggs***, ***defeathering poultry for dinner***, ***making cream and-or cheese***, ***churning butter***, and—most importantly—***collection of honey and care of our hives***.

Children's Militia

Older children care for younger children as it be a **Spartan** struggle for younger, weaker children—made tougher of "peer" ridicule and condemnation in **The Outside World**… now, brethren of "cause" in struggle of growing up individually, where each must face their own demons and learn to carry their weight—yet in solidarity conquer hardship. Skilled in ***fire-making***, ***wilderness survival***, ***rope-work***, **CPR *& first aid***, ***swimming***, ***canoeing***, ***marksmanship***, ***archery***, ***sabre fencing***, ***forging long-barrel black powder rifle*** *and* ***balls***, ***mixing powder***… and **"No Way Broken Style" martial arts**.

Art's Retreats & Healing Circles

We create and so indulge our better sensibilities in allowing and supporting **Art's Retreats** as not for means of soliciting ***taxable "capital funds"*** but, *rather*, as to foster

More-so, these ***lodges*** can be effective utilized to garnish favours in ***executive offices***, both ***nationally*** and ***internationally***.

Chief Factors & Shaman Priestesses

Unlike HBC Chief Factors, our **Chief Factor** will be ***“a man of the people—and for the people”:*** We are not into the sale of **Trophy Hunting**, which to us folk is abhorrent. **Our Lodges** are **“places of retreat”** and **“places of healing” under “care” of our Cult Shamanic Priestesses**—not shacks full of drunken animal killers.

Foreign Properties & Ambassadorial Executives

Foreign Art’s Galleries—*as* **“**ambassadorial**”** live-in-and-learn-from ***outposts for scholarship youth*** of our **Children’s Militia**.

Clan Mothers

Our people, at the ***outset of settlement of*** **Huronia** by ***our Aryan and indigenous ancestors*** ere we fell under the vile influence of the **Hidden Jesuit Papacy** and the sickness of its' **Puritan New World** possessions—investments seeded there by the **AshkeNazi House of Orange**, its' **Great Bank of England**—*as mother of the **Federal Reserve Lie***, and its **Dutch East Indies & British West Indies Third World Drug Lord Slavers**. There is **"No Cure"**—and, *surely*, for us there is **"No Hope"**: But we turn from our **End Times Dilemma** to our **Clan Mothers** for **guidance by "Her Heart"—**not by ***strength of arm*** or ***reasonable voice*** [ ] for the ***crookedness*** of the **Path of the Dead World** schemes be but ushers all into **Doom**.

Nomad Order of the Chaplain

The non-voting **Order of the Chaplain** will of necessity evolve in other cities, provinces and territories, according to **Natural Laws**.

The **Chaplain** is a go-between of each **Honey Queen Colony**—and answerable only to the **Chamberlain**—no matter how many **Colony Chaplains** evolve... there will never be more than one Chamberlain, as first chosen by me... thence chooser of **Chamberlain**, as:

Six-Winged Dove—**Post-Master General**, **Admiral**, and **Pontiff**

Cossack Road Trips

End-Times Transport Travel between "Honey Colonies"

> Because of the **Third World** imported and seeded across **Canada** [ ] **in the future travel will be dangerous for those allowed to do so**—and as the roads are throughout the Third World—***transport will prove increasingly dangerous***, for those who need do so [ ] ***legal justification to make use of*** **Crown Roads**. There will be much ***lawless banditry*** on highways, as throughout the interior, as evolve **"Crimes of Terror"** here, now—**Hate Crimes** against us **Canadjuns**, such as are now perpetrated in the open by ***monied*** **Drug Lords** and their ***groomer gang pimps*** purposely designed be ***beyond the reach of the law***—as proven throughout **Europe**.

We will must need be create **Convoys** to facilitate ***safe conduct of our folk*** between ***colonies*** and nearby **Undead Cities of The Lie**... and so as to ***transport*** of our **"Posca Tributes"** and ***inter-colony tithing***—which is to be orchestrated and structured that in **"*gift-giving*"** and **"*sharing*"** we and ours are not burdened in **Taxation** by **Foreign Government of Strangers**, up on the **Hill**, in **Ottawa**.

Convoys to consist of: ***a far-forward car—technological tracking abilities***; ***scout outriders*** on ***motorcycles***; ***Striker trucks—armed militia***; **Flag Car**, **Militia HQ RV**—**navigation**: ***radio-and-satellite transmitters***, ***emergency medical facilities***, ***chuck wagon***...; ***gas tanker***...***water tanker*** ... ***freezer truck***... ***18-wheelers*** necessitated by **Road Trip Co-coordinator / Nomad Boss: "Popeye."**

> We seem struggle at outset, yet we be but a seed germinating... sprouting... growing into a beautiful plant [ ] all living things on this planet evolved from such a seed of slime made wet with sugar: These subjects are dealt with in writings devoted to sech discourse. Inevitably, once others see we beginning few succeed and thereby prosper, others will see it diligent to join our cause—collectively, we will inherit much ***property*** and ***wealth***—in time—as hard-working families will realize how sensible it is to side with us who stand alone against the **Fiat-Slave Bankers** [ ] so the ***Government*** will be 'turned' against us... so, *as suggested*, our ***road projects*** must otherwise make us indispensable to government in the ***commercial industry*** of all the **Ameri-Canadian Dead Cities of the Outside World** which constitute a ***prison planet headspace*** as prerequisite for the **ZOG Word Gulag State** and **"*green ribbon*" *annihilation***.

DATH Foundation Religious Exception

"Collective tax exemption as a Sovereign Society of Faith"

Much of my Collected Writings be dedicated to this purpose: "The Worm-Eaten Scrolls," "Before the Common Era," "The Synoptic Gospels," "The Unde Malum of Citizen Mayfly," "On the Legends of the Redoubtable Shim-shon the Nazarite"—and many other ***papers***, ***poetry***, *et cetera...*: **Genealogical and Historical Writings**, *as* "A Saga of the Bois Brule," "The Battle of Batoché," "Li Encyclopédie Exovede" and much concerning **Canadjun Quebecois and Acadian and First Nations Origins**:. Also many unpublished and-or published unfinished works... inclusive of fonds notes, sketches, *et cetera...*:

> Creation of a **Registered Charitable Institution**, which is ***both***—at once—a **Religious Institution** and ***a social charity*** of-for the public benefit *viz.* **"our kith and kin"** and not by-of-for any **Third World** ***foreign Replicant-blood*** spewed across our land to enrich **(((strange land-hungry population criminals)))** wherewith the ***plastic spoon of our "want" and "need"*** hath been ***cruelly stolen*** out ***mouths of our crying babes***, so that ***our children go without*** [ ] and must ***sleep and die in the streets*** blanketed under the cold disregard of **Replicants** as so being designated for naught but of purpose quick become be ***drug junkies*** generations ago—born and raised *as **targeted for destruction***.

Families, Clans, and Tribes

Canadjun Families are extensive—and reconcile to ***quasi-natural genealogical sequences*** [ ] **Trueborn Canadjun** have a ***blood-right kinship*** with **First Nations peoples** and **First French Family**, inclusive—as well as adoptively—*especially of nice girls like the young adopted Chinese girl us recently 'saved' on transit*, and as kids who smile and wave at me—because of my ***face-paint***, and other ***genteel personae*** without prejudice, especially ***suck on teat babes***. These are dearest of people that interest me—it is from their ranks are born our **Golden**

Children of the Future, here—now emerging, necessitated by ***dumb circumstantial synchronicity***.

Clans, as **River Brigades**, have naught do with ***familial ties*** or ***associations***, neither be expressive of ***groups***, as **"Warrior Societies,"** rather, ***collective unto them themselves in solidarity*** of ***thoughts*** and ***reasoning***. Not every family can, will, nor hast **Clan Members** in rank; nor do **Clans** have ***sovereign allegiance*** to the **Tribes**—as **"Clans are Sovereign Tribes"** unto themselves within the social structure of our colonies and their communities.

Tribes, *of course*, are ***extensions of family units*** and expressive of **"*group*" "*association*"** whereas ***clans*** are more ***collectively populated by individuals***... our **Tribes** consist more extensive as **"*affiliated groups*"** established on **Love** and founded in **Heritage**.

POSCA

A non-taxable "credit-debit" system of financial accountability

Every ***financial contribution*** to the **DATH Collective** will be issued a **Federal Income Tax Rebate Number**—but: "Your ***tithe money*** buys you nothing but the ***good feeling of "sharing"*** and the **"*act of giving*"** weighing more ***meritorious*** thereof as by us not in issuance of **"numbered tax-deductible receipts"** but in ***social talliance*** of **"Credits"** and **"Demerits"** in our **POSCA RECORDS**, which are to be kept by the **Bard Office** separate from **Procès-Secretarial** and apart from **Treasury Ledgers**, **"Posca is worth more than gold."**

Wampum Comment

It is all in your hands now—now that I have had my say and you have heard me—all that follows is up to youse—as in the hands of those other capable people which I have approached lead this endeavour and establish them as the **"chiefest cornerstone"** of our **Collective Identity** ere we are exhausted as a people and quick become the least of folk here, now amongst all the diverse muddling ***replacement peoples*** brought tither... given preferences by ***banks*** for ***creation of businesses***, ***acquisition of property***, and ***a future for their children*** at the expense of ***our ancestral heritage claims*** on this, **"our" Homeland Betwixt Three Oceans**—established in the beginning by our **Solutrean Mothers**: **Seven Daughters of Eve** and of **Continental French forefathers**, such as ***Jacques Cartier***, ***Samuel de Champlain***, ***Groseilliers***, ***Radisson***, and **Freemen** of the **Beaver Club**, and our **First Nations Mother's *aboriginal folk***.
